

COMEXION Trucker Bluetooth Headset V5.0, Wireless Headphone with Mute Mic for Cell Phones, On Ear Bluetooth Headphone with Wireless&Wired Mode for Trucker, Home Office, Skype Review-2021

[Read Customer Reviews](#)

Extremely Comfortable To Wear

COMEXION Bluetooth headset features an omnidirectional rotating gear cap, made from a soft protein leather over the ear, with a large size adjustable headband (and a soft leather pad to reduce the pressure to your head), making it extremely comfortable to wear for long periods of time.

Bluetooth 5.0 COMEXION adapts the latest Bluetooth 5.0 technology. The transmission is faster, more efficient and stable. It can pair with 2 devices at the same time.

Mute Function and Large Operation Buttons One press to mute, you can easily mute your voice during the call. COMEXION headset has large operation panel and large control buttons, which enable you to access the control features easily and accurately.

Wireless/Wired Mode Optional Besides Wireless mode, it can be connected to your computer using the 3.5 mm audio cable, you may adjust the volume on the headset. It can work with devices those which has no Bluetooth function.

Compatibility & Long Battery Life COMEXION headset can pair with most Android and IOS Bluetooth-enabled devices; 1.5 Hours charging can offer up to 30 hours continuous talking time and 400 hours standby time. Note The mute button can only used on cellphone, if you want to mute on Skype or other calling software on PC, please set it through software. The following tips may help you achieve a better calling experience:

1. Please make sure the microphone headband has been adjusted correctly and close to your mouth.
2. Update your Bluetooth Driver to the latest version. (If you use the headphones on your laptop)
3. Make sure all other Bluetooth devices around have been turned off
4. If it is tested under a noisy environment, please try another quiet room to see if it will be better.
5. Please try to make calls directly from your phone without using any conference apps to see if the issue persists.

Notice:

1. Only allows computer which has Bluetooth function. But you can buy a USB dongle if you have no Bluetooth function.
2. Poor sound quality and Bluetooth connection occur sometimes when hardware and Bluetooth Driver are not updated to the latest version (laptops with some bands).

If it still can not work, please kindly contact our support at any time

3. The mute button can only used on cellphone, if you want to mute on Skype or other calling software on PC, please set it through software.

4. Use of Type-C to 3.5 audio cable: insert the special Type-C to 3.5 audio cable, one end of the Type-C head is inserted into the M100 charging port, and the other end of the 3.5 audio head is inserted into the mobile phone or computer audio port to listen to music calls.

Adjustable headband & Comfortable Wearing & 270° Rotatable Microphone & Anti-slip pad

The on ear earmuff is made of protein leather, very soft and breathable, which can reduce much pressure bringing to ears . It has large-size adjustable headband, lining with soft protein leather padding on the top, making it can fit most people and provide comfortable wearing. The boom mic is flexible, you can adjust it close enough to your mouth to pick up your voice more exactly.

Long Battery Life & Fast Charging & Mute Function

COMEXION bluetooth headset equipped with large capacity battery, which can provide 30 hours talking time or 400 hours standby time. Your headset is fully charged within 1.5 hours. You can also easily block the sound in your side by pressing the mute key when needed. (*Note: The mute function might not be compatible with some third-party softwares at PC end)

Wireless/Wired Mode Optional

In wireless mode, It can connect with 2 bluetooth devices at one time. You can switch the usage of the headset from one device to another easily.

In addition to wireless mode, it also connects to your computer via a 3.5mm audio cable, and you can adjust the volume of the headphones. It works with devices that don't have Bluetooth capability.

Bluetooth Pairing and Connection:

A. In off status, long press MFB 5-7 seconds to enter pairing mode with LED Blue & Red flash

alternately.

B. Search and click to connect "M100" on your phone Bluetooth lists, LED change to Blue slow flash once after connected, now you can play music from phone to headphone.

C. You can press MFB / Volume+ / Volume- / Microphone Mute Button on the Bluetooth headset to control the answer/hang up a call and play/pause of the music, next and previous song, volume up and down, microphone mute.
