Protective spout cover keeps dirt and germs off mouthpiece for cleaner drinking

Leak-proof lid (when closed) for on-the-go convenience

Integrated carrying handle for easy transport

Top-rack dishwasher-safe lid; hand-wash-only body

Fits most car cup holders and under most single-serve brewers

History
For the past 12 years, we (the passionate and meticulous employees at Ignite USA) have put creating innovative solutions at the forefront of everything that we do. It all began with an idea to eliminate spills with a coffee mug that sealed between sips. From there, we engineered a patented technology called AutoSeal to deliver on that groundbreaking idea. We received such great feedback that we decided to jump in and start to revolutionize the whole beverageware category (travel mugs, water bottles, tumblers, kid's bottle, etc.) In 2014, we were acquired by Newell Brands and we continue to develop innovative solutions for everyday needs.

Contigo AUTOSPOUT Straw Ashland Chill Stainless Steel Water Bottle

Whether you're playing volleyball on the beach or cooking over the stove in a hot kitchen, Ashland Chill makes it easy to stay hydrated throughout the day. Not only will your drink stay icy cold for up to 18 hours but you'll also have a free hand because of its simple one handed operation.

For the Long Haul " Drinks stay icy cold up to 18 hours with THERMALOCK Vacuum Insulation

Lend a Hand " Easy one-handed drinking

Eyes Up " Keep your eyes on the task at hand with the convenient pop up straw on this AUTOSPOUT lid

Cleaner Drinking " Protective spout cover keeps out gross dirt and germs

Seal It In " Leak-proof lid (when closed) for on-the-go convenience

Perfect Fit " Fits most car cup holders

Stays Cold

Whether you're working up a sweat or working at your desk, you need a water bottle that's going to stay cold no matter what. Powered by THERMALOCK vacuum insulation, the AUTOSPOUT Ashland Chill Stainless Steel Water Bottle keeps drinks cold for up to 18 hours.

Leak-Proof

We hate leaks as much as you do, especially when they lead to ruined laptops or meeting notes. That's why we engineered AUTOSPOUT technology, which will keep your water bottle from leaking. Just push the spout down to close, and your leak-proof lid is ready for on-the-go convenience.

One-Handed Operation

Staying hydrated is as easy as pressing a button with AUTOSPOUT technology. Just press the button and your straw spout will pop up " you never even have to take your eyes off the task at hand!

Carry Loop

Keep the Ashland Chill by your side no matter what, using the attached carry loop for easy portability.

The Contigo Limited Lifetime Guarantee

We're extremely proud to stand behind the design, quality, materials and workmanship that goes into every Contigo product. We go to great lengths to create the best product that we can and then we back that excellence with the Contigo Limited Lifetime Guarantee. Covers the following:

Material Issues.

Workmanship Issues.

Defective Products.

Mugs, Bottles, Replacement Lids.

Purchased in the US and Canada.

Using Your Stainless Steel Water Bottle

Chill out. When figuring out what to fill your brand new water bottle with, steer clear of hot drinks and stick with cold liquids only.

Under pressure. When you're on a flight or taking a summer road trip, pressure builds up in your water bottle due to high altitude or really hot temperatures. In these situations, twist the water bottle lid open a little bit to relieve that pressure, then reseal the lid before you use it.

Do's and don'ts. We don't recommend carrying filled water bottles in your bag while on-the-go (it's safer for your cell phone this way). Also, keep your water bottle out of the microwave and the freezer.

Clean up. This stainless steel water bottle by Contigo is hand wash only. Visit our official website for more care and use information. Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
