

# Dealmed Disposable Clear Plastic Cups, 3 oz., 100 count Review-2021

[Read Customer Reviews](#)

**MULTI-PURPOSE USE:** Ideal for all environments, the disposable plastic cups are suitable for doctors offices, hospitals, home care facilities, schools, and for at home use. Theyâ€™re great for athletes, school nurses, lifeguards, classrooms, and ambulances for those in need of liquids or using for arts & crafts.

**KNOW ABOUT IT:** Plastic cups are primarily designed to aid in easily administering liquids. Whether it be for thirst, medicinal purposes, or even rinsing, the clear plastic allows easily monitoring of what is inside.

**MAXIMUM DETAILS:** Strategically designed raised sidewall rings for a secure gripping surface thatâ€™s easy to hold. Quality manufacturing and increased strength to allow multi-purpose use without the thought of falling apart.

Developed and manufactured with 100% polypropylene, a multi-use plastic that is 100% recyclable in the already existing recycling waste stream. Polypropylene cups do not fracture and are more heat resistant.

**HEALTHCARE NEEDS:** Dealmed understands the changing climate of healthcare and how important it is to have an honest, dependable partner. As such, weâ€™ve made it our goal to deliver a large selection of items at guaranteed low prices faster than ever before. Our story

How we got our start?

Being a trusted brand on Amazon for over 15 years, Dealmed started out providing high quality medical supplies within the Northeast region of the U.S. that quickly grew through the whole U.S. We've built our reputation of excellence through enhancing our products by bringing value to our customers.

What makes our product unique?

Our team works diligently to provide a wide selection of affordable products quickly and efficiently with the highest level of accuracy and integrity. As a direct manufacturer and leader in new product development, we strive to offer great customer gratification.

Why we love what we do?

At Dealmed, we make it our business to understand how the products we sell impact patientsâ€™ lives every day and have made it our mission to offer a full range of quality medical products delivered at low prices.
