

Hand Working Gloves Safety Grip Protection Work Gloves Men Women BBQ Thicker Industry Knitted Cut Repair Gloves Durable String Knit Light Weight for Work Safety Thick Cotton (6 Pairs) Review-2021

[Read Customer Reviews](#)

These working gloves protect your hands while light to medium duty assembly work. These gloves offer great heat protection when handling BBQ on your grill or smoker. It is recommended that they are used as a liner.

Gloves are made from 90% cotton and 10% nylon to improve air circulation in and around the hands which keep hands dry and healthy.

Safety Grip Protection Gloves white cotton environmentally friendly fabric material offer versatility, strength and durability. Since these gloves are white, they will get dirty. However, these gloves can be washed, dried, and reused.

Knitted wrist keeps a snug fit while preventing dust and debris from entering through the wrist area. Ideal for parts handling, cold storage work, gardening, inspection, warehouse work and much more, these gloves are ambidextrous and versatile.
