

**Kitchen Scissors - Heavy Duty Utility Come Apart Kitchen Shears for Chicken, Meat, Food, Vegetables - 9.25 Inch Long - Black and Red Handle Review-2021**

[Read Customer Reviews](#)

**VERSATILE AND EASY TO CLEAN** Kitchen scissors that can be taken apart are the only kitchen scissors sanitary enough for food prep. Being able to separate them apart to clean any food particles that remain in the pivot screw is critical to safe food prep. These kitchen scissors are designed to be easily taken apart.

**SHARP BLADES, NO RUST** The micro-serrated blade allows for better gripping of slippery materials. The kitchen shears' blades are crafted from high quality, food grade stainless steel that resists rusting.

**HEAVY DUTY KITCHEN SHEARS** The blades are extra thick (3 mm compared with 2 mm from other brands) and large handle for added strength and durability.

**UTILITY SCISSORS** Aside from the standard kitchen snips, there are also specialty cutters for poultry, fish and herbs. Include additional features such as a bottle opener, a center toothed grip for cracking bones and nuts, notches on the handles for jar opening, a screwdriver tip.

**COMFORTABLE HANDLES** The large, slightly rubbery handles are not only comfortable to hold, but they also reduce stress on your hands and wrists. Soft, non-slip grips for comfort and safety, even in wet hands.

Discover The Gerior Take-Apart Kitchen Scissors Differences:  
Detachable blades, easy for cleaning. Multifunctional meet all needs for the kitchen. Textured grips keep your hand secure. Slightly rubbery plastic handle, comfortable to use. Designed for left and right handed use.

Specific Description:

Size:

Length: 235 cm (9.25 inches), Width: 100mm (3.94 inches), Blade Thickness: 3mm.

Color:

Blade: Metal, Handle: Black and Red

Benefits:

When it comes to food preparation, office scissors just won't cut it. For meat, poultry, and seafood you need heavy-duty kitchen shears that come apart for safe and effective cleaning. Our kitchen scissors are designed to do everything you need...and more! They have built-in specialty cutters for poultry (including the joints!), fish, and herbs. But it doesn't stop there, one of the scissor blades also includes a vegetable peeler. The toothed grip between the handles is perfect for cracking larger bones or nuts. Plus, the tabs at the bottom of the handle act as a bottle opener, can opener, and even a screwdriver! The cushioned grip allows for a comfortable cutting experience that puts you firmly in control while the sharp, micro-serrated blades cut easily without slipping. We're so confident in the quality of our food-grade, heavy-duty stainless steel kitchen shears that we offer a lifetime replacement!

We recommend washing them by hand and drying them well after washing so that the blades stay super sharp.

You'll be surprised by the various cooking and prep-related tasks that this everyday device can simplify.

**Separating Blades**

The blades of the shears used on food products, partially meat, fish and poultry should come apart for cleaning.

This is important for sanitation because of any food particles that remain in the pivot screw are a breeding ground for harmful bacteria. And being able to separate the blades makes sharpening much easier.

**Serrated Edges**

Having micro-serrated on one blade allows for better gripping of slippery materials. The blades are crafted from high quality, food grade stainless steel that resists rusting.

**Occasional Peeler**

One blade can be used as a vegetable peeler, brings convenience while processing food. A simple way to save your time and make your job done easier.

**Build to Last**

Thick, solid and well-built, these scissors are powerful and dependable with their build-in tools to help you reduce your kitchen tools. Keep your kitchen neat and tidy.

## Cut Down Prep Time

These shears definitely made it easier, safer, faster and more accurate when preparing food. They can perform a multitude of tasks including cutting meat and other foods, vegetables, and herbs.
