LuxClub 6pc Bamboo Sheets are the epitome of luxury. It's hard to imagine sheets of such high quality and design can be sold at such low costs, but they're a dream come true.

Here's just a few of our touted Features:

Hypoallergenic - The Fabric blend used in LuxClub Bamboo sheets gives them a natural defense against allergens. Our test group of users including those who struggle with year-round allergies reported restful sleep without allergenic flare ups. - We're all careful about the things we put into our bodies and our skin, so shouldn't we be just as diligent with our sheets? After-all we immerse our faces and bodies in them in every night!
Soft - Some of the softest sheets you'll ever feel even when comparing to the softest cottons. It's not just the fabric we use or the weave, but also factors like thickness, twist, density etc. - The science behind sheets is great, but doesn't it all come down to feel? We never met someone who said "I love my sheets rough", did you?
Wrinkle Free - No harmful chemicals that will wash out over time leaving you with wrinkled sheets down the road. Our sheets are naturally wrinkle free thanks for the nature of our fabric blend and weaving process. - Super easy care, just wash and tumble dry on low. As you place the sheets on your bed you'll see any wrinkle attempts just melt away as you smooth with your hands, not an iron!
Cooling - Like us, sheets need to breathe. Our sheets do their part helping to regulate body temperature with their breathable cooling feature. - Ever go to sleep cold, but wake up hot and sweaty? Your partner like the thermostat set a few degrees different than you? Pickup a set of LuxClub Bamboo sheets and let us worry about it.
Moisture Wicking - Any moisture is pulled and dispersed similar to your favorite active-wear, but with a much more comfortable feel. - People are dry land creatures, no one wants to wake up to sleeping in a little puddle or wet spot.
Quality - Quality, Quality, Quality! From the fabrics we use to the instruments to the factory workers. LuxClub sheets are made to last a lifetime. - This isn't something we take lightly and we back it with our lifetime promise that you will love them on day 1 and 1000+.
