Do you speak dog?
Teach your dog when to be quiet by using a PetSafe Basic Bark Collar. The collar automatically finds the perfect setting to help him learn to bark less in times of unwanted barking.
Let us help quiet the noise and strengthen the bond between you and your dog, so you can live happily together!
A Company You Can Trust
Global brand in pet products for nearly 30 years
U.S.-based experts available
We help pets and their people live happily together!

The collar should be snug but not constricting.
You can check the tightness by inserting one finger between the contact point and your pet's neck.
Your dog will become more and more comfortable as he wears it.
Do not leave the collar on more than 12 consecutive hours a day.
At PetSafe, we know every dog is unique and responds to situations differently.
That's why we invest in a variety of bark products and training solutions to help keep your pet healthy, safe and happy.
If your dog isn't responding to one of our bark products, call PetSafe and we'll provide you with a solution that will.
Our bark solutions include Spray, Static, Ultrasonic, Tone, and Vibration. Find out what's best for your best friend.
