LINK TO ALEXA ACCOUNT FOR SIMPLE SET UP Struggle-free, tinker-free, and stress-free.
Designed for Simple Setup.

Certified for Humans â€” Smart home made easy for non-experts. Setup with Alexa is simple.
CONTROL YOUR LIGHTS ANYWAY, ANYWHERE with Alexa app. Turn the lights on and off, dim, brighten, set up routines, schedules, and more using Amazon Alexa app.

VOICE CONTROL WITH ALEXA Use Voice Control to turn on, off, or adjust brightness of the bulb. You can also use voice to use advanced features like wake-up routine or away mode.

BULB TO BULB INTERCONNECTIVITY Bluetooth Low Energy (BLE) Mesh 5.0 wireless technology allows for a further reach, helping with whole-home installation. Even if a bulb is out of reach from the Alexa Echo device, it can still be controlled because of Mesh network. 2 Pack BulbVOICE CONTROL

Control your lights with your voice, when your hands are full.

APP CONTROL

Turn off garage lights while in bed via your voice or the Alexa app.

LIGHT SCHEDULING

Look like youâ€™re home while away with light schedules.

REMOTE CONTROL

Come home to a well-lit home by turning on your lights remotely.

Expanded Reach With Bluetooth Mesh Network

With Sengled's Bluetooth smart bulb and Alexa Echo device, you can connect to every corner of your home with an unlimited number of bluetooth bulbs.

Learn about light controls with the Alexa app

Multiple controls at your finger tips using the Alexa app or with any compatible Echo device with voice commands.

Certified for Humans devices meet Amazon's criteria for being simple to use

â€¢ Quick and easy to connect to Alexa

â€¢ Reliable, with automatic software updates

â€¢ Loved and highly rated by customers

The Sengled Bluetooth A19 bulb's energy consumption can be measured with the Amazon Energy Usage Dashboard in the Alexa App.
