Waterproof LED Headlamp
IPX6 waterproof design can protect your headlamp from rain or snow. The headlamps are great for hiking, backpacking and running at night. So you do not have to worry about rain and emergency weather.

Mini headlamp

The compact and lightweight design makes you comfortable when you use. The head does not feel tired and the 45 ° rotatable head lets the light get where you need it. Free your hands, enjoy your sport and your life.

USB Rechargeable LED

Our headlamps have a USB charging cable that can be charged with the charger, the mobile device and the computer. Red light: Charging, Green light: Fully charged battery indicator, With 4 grid battery indicator.

Thanks to the Soft Digits LED Headlamp, you'll never be left in the dark.

This versatile, easy-to-use head lamp features main and side powerful LEDs with two intensity settings. The different light modes are controlled by either a conventional push button like a standard flashlight or hands-free thanks to a built-in motion sensor.

The LEDs are capable of providing a flood-pattern beam with a maximum .

The LED headlamp is mounted on an adjustable bracket that provides 45 degrees of articulation so you can aim the light where you need it without having to awkwardly crane your neck.

The headband is fully adjustable and ideal for use while hiking, backpacking, and camping, even in inclement weather thanks to its IP65 rated ABS case that keeps out dust and rain.

The rechargeable Li-Ion battery pack can be charged with any standard micro-USB device charger
