Custom Orders any size from 1lb to a truck load (through Amazon) are accepted and welcomed. Simply contact us Yellow Brick Road and we will set up the entire thing for you

Good for dry skin, hair and blemishes, Unrefined Shea Butter is...naturally rich in a number of vitamins. Vitamins A, E, F and K are the most popular

Vitamin E balances and normalizes the skin. Helps keep it clear and healthy, particularly beneficial for dry or sun-exposed skin.

Vitamin A has soothing and hydrating properties which provides healthy skin collagen in order to prevent premature wrinkles, premature facial lines and premature slackened skin.

Vitamin F - Acts as a skin protector and revitalizes. It soothes rough, dry or chapped skin on contact and helps soften and revitalize dry or damaged hair. Vitamin F consists of linoleic, linolenic and arachidonic acids, the three essential fatty acids.
